- 17th of June: End of Year Concert and Award Ceremony
- 30th of June: Water Day
- 30th of June: last day of the academic year

Message from Principal

Dear parents,

The countdown to the highlight of our school calendar has officially begun! Our classrooms and corridors are filled with music, energy, and excitement as our students and teachers work tirelessly to prepare for our upcoming End of Year Concert and Award Ceremony.

This year, we are incredibly excited to bring our entire school community together for a massive, combined celebration spanning all year levels—from our youngest Nursery learners to our graduating Year 12 and A-Level seniors.

Please mark your calendars for this spectacular event:

- Date: Wednesday, June 17th
- Time: Beginning promptly at 4:00 pm

Our students have been busy perfecting their performances, rehearsing their routines, and preparing to celebrate a year of incredible academic and personal growth. It promises to be an unforgettable afternoon showcasing the vibrant talents and dedication of our school family.

Important Ticketing Information: Official invitations and entry tickets will be sent home shortly.

Bradman McCarthy

Principal

Message from SVIS Deputy Principals

Primary and Secondary students have completed the Semester II final examinations. Overall, the examinations were conducted seriously, ensuring quality and accurately assessing students' abilities. Semester II report cards will be sent to parents during the end-of-year parent-teacher meeting.

During the remaining time of the school year, after completing the textbook curriculum, students will participate in the following extended learning programs:

Primary Level: Reviewing and reinforcing knowledge in Mathematics, Vietnamese, Science and other subjects to prepare for the next school year; carrying out learning projects to enhance hands-on experiences and create practical learning products; participating in Life Skills, Local Education, Leadership & Management Skills, Music & Arts, Concert rehearsals, and educational extracurricular activities.

MAY 2026

Secondary & High School (except graduating classes preparing for examinations): Reviewing and consolidating knowledge; supplementary lessons in Mathematics and Science for the IGCSE program; interdisciplinary learning projects and STEM projects. For Local Education and Experiential Activities subjects, students will participate in joint projects. In particular, Secondary students will prepare products for the competition “Exploring the World of Careers” and the “Entrepreneurship Ideas Exchange” program.

Thanks and best regards,
Huynh Pham Diem Hang/Pham Thi Kieu Trinh

Semester 2 Examinations & End-of-Year Academic Awards

Our students across all year levels successfully completed their Semester 2 examinations during the final week of May, and count toward 50% of each student's final grade for the school year. We are incredibly proud of our students' focus and determination during the exam period.

After marking of these semester exams, we look forward to recognising outstanding student performance at our upcoming End of Year Concert on June 17th through two prestigious awards:

- **Academic Champion:** This top honour is awarded to the highest-performing student in each year level across the core subjects of English, Mathematics, and Science (International Classes) and English and Vietnamese (Integrated Classes).
- **Academic Achiever:** This award recognises excellence and dedication, awarded to the students who ranked 2nd and 3rd overall in their class.

We congratulate all of our students on completing their exams and look forward to celebrating their hard work and growth on June 17th.

Kind regards,
Niall Elliot Reed (Mr)
Deputy Principal

Westview School Visit

We were delighted to welcome 24 students from Westview School in Singapore to our campus as part of a special cultural exchange visit. It was a wonderful opportunity for students from both schools to connect, collaborate, and learn from one another.

The visiting students joined our Year 4 and 5 classes and took part in a range of fun classroom games and activities. These activities encouraged teamwork and communication while helping students build new friendships and confidence interacting with peers from another country.

Following the classroom activities, students moved to the field where they participated in sporting competitions and bonding games. The activities created a lively atmosphere, with students showing excellent teamwork, sportsmanship, and enthusiasm throughout the morning.

The visit provided a valuable opportunity for cultural exchange, allowing students to share experiences, learn more about each other's schools and cultures, and strengthen international connections. It was wonderful to see students engaging so positively together.

International Day

Organised by our Student Council, the event encouraged students to explore and celebrate cultures from around the world through a range of interactive country stations.

Each student received an International Day “passport” and visited four ‘countries’ from the eight available stations, collecting stamps and signatures along the way. Once completed, passports were submitted to enter the prize draw, where students had the chance to win a selection of goodies from the “Duty Free” store.

The event was a fantastic celebration of culture, diversity, and community spirit. Thank you to our Student Council, staff, and students for helping make the day such a memorable and successful experience for everyone involved.

Alexander Millard (Mr)

Primary Head of Studies

Message from Head of Integrated Kindergarten

The Kindergarten organised International Day to celebrate rich cultures and traditions from around the world. This year's theme, "Cruising the Islands of the World," took students on an exciting journey across remarkable islands, including Madagascar in Africa, Kangaroo Island in Australia, the Galápagos Islands in South America, Antarctica, and finally, Cham Island in Da Nang, Viet Nam.

Throughout the event, students enthusiastically participated in a range of activities inspired by topics they had explored in class. Engaging experiences such as building sandcastles, feeding kangaroos, completing a Penguin Rescue STEM challenge, participating in a boat race, and searching for lemurs brought each destination to life. To make the voyage even more memorable, students collected stamps from every island they visited as part of their journey around the world.

The day was both enjoyable and enriching, providing valuable opportunities for cultural exploration through meaningful and engaging educational experiences. A heartfelt thank you to Captain Niall, our outstanding sailor, whose enthusiasm and support helped make this special event such a memorable and successful occasion for everyone.

Vo Thi Thuy Ngan

Head of Integrated Kindergarten
